

Dear New Jersey UnitedHealthcare and Oxford Members,

Quest Diagnostics believes the choice of laboratory provider is the responsibility of your physician, in consultation with you.

As you may have heard, as of January 1, 2007, Quest Diagnostics is no longer an in-network provider of laboratory services to UnitedHealthcare and Oxford plan members in most parts of the country. However, many UnitedHealthcare and Oxford members and physicians have told us that they want to continue to use our laboratory services.

Quest Diagnostics will continue to provide laboratory-testing services to all UnitedHealthcare and Oxford members and we will continue to accept your insurance. **If you live in New Jersey and have health insurance through a UnitedHealthcare or Oxford HMO, POS or PPO plan, you will NOT receive a bill for laboratory testing from Quest Diagnostics.** If, for any reason, you do receive a bill from us, please contact our Billing Customer Service Department at (800) 638-7284 and we will correct the situation.

Thank you for choosing Quest Diagnostics, ***Because it Matters.***

Sincerely,

A handwritten signature in cursive script, appearing to read "Wendy Luce".

Wendy Luce
Regional Vice President, NY/NJ

Why does it matter which lab I choose? To find out, visit www.mylabquest.com.
